### About the Accreditation Decisions

“Accreditation Continued” refers to programs that were “Accredited with Conditions” that have satisfactorily met their conditions.

“Accreditation Granted” refers to programs that have achieved accreditation for the first time. Those renewed for two years are accredited with conditions. If they meet conditions within two years, they will be granted full accreditation – for a total of a seven year accreditation period.

***\*Santa Monica College (CA) added these two programs to an already-existing accreditation term for two other programs that were granted accreditation in Fall 2017.***
