A.S. Early Childhood Education

A.A.S. Early Childhood Education

Aiken Technical College, SC – due to not meeting one or more accreditation standards

A.A.S. Early Care and Education (June 2018-June 2020)

About the Accreditation Decisions

“Accreditation Renewed” refers to previously accredited programs that have achieved accreditation again. Those renewed for two years are accredited with conditions. If they meet conditions within two years, they will be granted full accreditation – for a total of a seven year accreditation period.

“Accreditation Granted” refers to programs that have achieved accreditation for the first time. Those renewed for two years are accredited with conditions. If they meet conditions within two years, they will be granted full accreditation – for a total of a seven year accreditation period.

“Accreditation Continued” refers to programs that were “Accredited with Conditions” that have satisfactorily met their conditions.

“Accredited with Probation” indicates either that a program was found to have not met one or more standards and evidence within the Accreditation Criteria does not support the program’s capacity to address the concerns within two Annual Report cycles, or the program is found to not meet one or more Accreditation Eligibility Requirements.

Programs may be accredited for a maximum of a seven-year term. Programs with a shorter accreditation term have met the standards but are “accredited with conditions” related to the program’s ability to collect and/or use data aligned with one or more standards. Strengths in these programs indicate the programs’ capacity to address the concerns within two annual report cycles.

***Shortly after the June 2018 Commission meeting, Ivy Tech Community College – Sellersburg met the requirements for removal of probation and continued accreditation.**
